CURRICULUM OVERVIEWS 2020-2021**

If you require any further information regarding our curriculum, please contact the School Office on 01908 312275

NURSERY

FOUNDATION STAGE 1 CURRICULUM OVERVIEW 2020-2021

	Autumn Term 1 <i>Nursery Rhymes and Traditional tales</i> 	Autumn Term 2 <i>Winter People who help us</i> 	Spring Term 1 Transport and Travel 	Spring Term 2 <i>In the jungle/ At the Zoo</i> 	Summer Term 1 <i>Babbies -Growing and changing</i> 	Summer Term 2 <i>Pirates/Seaside</i> 
Communication and Language	The children will develop their auditory skills by listening to sounds around them. They will listen to and join in with stories and poems.	The children will be introduced to new vocabulary linked to our topic. They will use talk to connect their ideas and explain what is happening.	The children will begin to understand 'why' and 'how' questions in relation to our learning. The children will talk in simple sentences about places they have been.	The children will listen to stories with increasing attention to detail and recall. They will start to make up their own simple stories and share them with their friends.	The children will be introduced to new vocabulary linked to our topic and use it when they talk about caring for living things. They will begin to ask questions about why things happen and offer explanations.	The children will learn new vocabulary linked to our topic. The children will develop their understanding of 'why' and 'how' questions.

Personal Social Emotional Development	Children will be focusing on settling in Nursery and following routines. They may talk about special events and their family.	As the children begin to feel more confident, they will be encouraged to try new activities. They will begin to develop good relationships with their peers and familiar adults.	The children will be encouraged to use their words to resolve conflicts. They will think about their feelings through stories.	The children will be encouraged to share and take turns through playing games with their friends. They will be given the opportunity to carry out small tasks.	The children will learn how to look after our ducks. They will think about the feelings of others and develop their understanding that some actions and words can hurt others' feelings.	The children will think about their feelings as they move towards transition into FS2.
Physical Development	The children will practise putting a hat on, if it is sunny, and putting a coat on, if it is cold. They will be taught how to put on their coat independently.	The children will have weekly PE lessons where they will practise listening to an adult and following simple instructions.	The children will practise moving in different ways. They will be encouraged to hold scissors correctly and understand that equipment and tools must be used safely.	The children will play games linked to our topic. They will observe the effects of activity on their bodies.	The children will learn to take turns and share equipment. They will practise using scissors correctly and understand that equipment and tools must be used safely.	The children will start to prepare for Sports Day activities. They will practise working together as part of a team.
Literacy	<p>Core Texts – Nursery Rhymes Goldilocks and the Three Bears The Little Red Hen</p> <p>The children will learn Nursery Rhymes and be encouraged to join in. They will develop their listening skills as we share traditional tales. The children will be given opportunities to develop their fine and gross motor skills.</p>	<p>Core Texts – Mog and the V.E.T Busy people – Doctor, Police Charlie the Firefighter</p> <p>The children will be encouraged to join in with stories with a repeated refrain. They will start to talk about the story and the characters. The children will be given opportunities for mark making within continuous provision. They will start to recognise their own name.</p>	<p>Core Texts- Good night spaceman Big blue train Naughty bus Emma Janes Aeroplane</p> <p>The children will continue to develop their appreciation and experiences of rhythm and rhyme in speech. The children will continue to develop their fine and gross motor skills. The children will develop their awareness of sounds around them by going on a listening walk.</p>	<p>Core Texts- Two can Toucan Parrot Tico Tango Chameleon Colours Non-fiction texts about rainforests</p> <p>They will be encouraged to look for print in the environment. They will begin to recognise familiar signs and logos. The children will be given opportunities for mark making within continuous provision. They will develop their awareness of alliteration.</p>	<p>Core Texts- Hattie Peck The odd egg Chickens aren't the only ones Titch</p> <p>The children will be introduced to sound cards for the Read Write Inc phonic scheme. They will start to orally blend some sounds using 'Fred Talk'. The children will be given opportunities for mark making within continuous provision.</p>	<p>Core Texts- Commotion in the Ocean Snail and the Whale Billy's bucket The pirate next door</p> <p>The children will learn letter sounds. They will practise oral blending and auditory memory activities to get them ready for reading in FS2. They will recognise their own name and familiar words. The children will begin to ascribe meaning to the marks they make and see around them.</p>
Maths	The children will sing lots of number songs. They will practise	The children will count objects and actions starting to use	The children will begin to learn the names of some 2D shapes. They	The children will start to recognise numbers up to 10 and practise	The children will begin to explore how numbers change when	The children will practise counting numbers to 20. The

	counting orally, forwards, and backwards, up to 10. The children will look at shapes around them in the environment. They will sort objects by colour, size and shape.	one to one correspondence. The children will begin to say what is one more or one less than a number. We will use the language of size.	will use the shapes to make Winter pictures and begin to talk about the shape of everyday objects. They will use measures to make their own play dough.	counting out objects carefully. They will be encouraged to show an interest in numerals in the environment.	we add more or take some away. The children will use the language of size linked to our topic on Dinosaurs. They will be encouraged to notice shapes in the environment and make shape pictures linked to our topic and begin to learn some of their names.	children will continue to recognise numbers up to 10 and count objects accurately. We will look for patterns in nature and try to recreate them. They will develop their understanding of height and mathematical language.
Understanding the World	The children will explore the similarities and differences between themselves and their families. They will look for signs of the seasons changing and make an autumn crown. We will talk about Wolverton's Scarecrow Festival.	The children will learn about Winter and animals that hibernate. They will have opportunities to investigate ice and its properties. We will learn about people who help us and develop an interest in different ways of life.	The children will learn about different countries in the world. They will ask questions about the world around them and how things work? Children will also explore the celebration of Chinese New Year.	The children will explore the similarities and differences between animals in different countries. They will extend their understanding of what makes them unique.	The children will learn about changes over time as they observe chicken eggs hatch. They will extend their thinking about why things happen and how things work. We will plant seeds and look at what a plant needs to grow healthy and strong.	The children will play imaginatively and, through role play, recreate stories they have heard and stories that they have made up. They will take part in activities to develop their awareness of sounds and rhythms through action songs and rhymes.
Expressive Art and Design	We will experiment with paint and mixing colours. We will sing lots of Nursery Rhymes as well as 'The Dingle Dangle Scarecrow'. The children will have the opportunity to explore various construction materials.	We will explore different textures and colours in our topic. The children will explore percussion instruments to develop their awareness of sounds and rhythms. They will learn some simple songs for our Christmas performance.	The children will develop their awareness of sounds made by various instruments by playing instruments alongside a story and making loud and quiet sounds. They will begin to join construction pieces together to build and balance.	The children will play imaginatively and, through role play, recreate stories they have heard and stories that they have made up. They will take part in activities to develop their awareness of sounds and rhythms through action songs and rhymes.	Children will create movement in response to music and poems about dinosaurs. We will introduce the children to new ways to join construction pieces together to build and balance. The children will have the opportunity to use resources to create props for role play.	We will explore different textures and colours through the work of Matisse 'The Snail'. They will have the opportunity to explore and learn how sounds can be changed in music.

Enrichment	Baking Following our learning about Harvest and The Little Red Hen, the children will have the opportunity to make their own bread.	Visitors into Nursery Police officer, Paramedic, Car mechanic – women role models for children.	Food Tasting Children will try foods from different countries.	World Book Day	Hatching Ducks The children can observe ducks hatching in the Nursery.	Bushfield Woods The children will visit Bushfield wood and become explorers. We will go on a nature treasure hunt and build dens like we are shipwrecked on a desert island.

They will continue to write simple sentences that can be read by themselves and others. They will write longer pieces with more than one sentence. They will</p>	<p>Core Texts- Supertato Aliens Love Underpants Dinosaurs Changes</p> <p>The children will be writing longer words that are phonetically plausible. They will practise writing short stories using features of narrative in their writing. They will</p>

	hear in words to write them. The children will listen to a variety of stories and then order and retell the stories themselves.	learn a few high frequency words. The children will begin to understand how stories are structured and make up their own stories.	learn many high frequency words. We will begin to decode longer words to read them.	writing list and invitations. The children will continue to practise writing sentences and be encouraged to write phonetically plausible words.	be encouraged to read their sentences back and self-correct their sentences.	share their stories by reading what they have written to the class.
Maths	The children will practise counting objects accurately. We will explore Numicon and recognising different numbers. The children will practise reading numbers to 10. We will enjoy singing lots of number songs! The children will look at and name 2D shapes.	The children will count objects and actions using one to one correspondence. We will practise recognising numbers to 20, matching the amounts with the number. The children will begin to find the total number of items in two groups and begin to say what is one more or one less than a number. We will compare two or three items by length, height, weight or capacity,	We will place numbers to 20 in order and say which number is one more and one less than a given number. The children will explore time using everyday language, sequencing familiar events and measuring short periods of time in simple ways. The children will use vocabulary involved in adding and subtracting	We will explore 3D shapes, looking at everyday objects. The children will create patterns involving shape. We will begin to add and subtract two single-digit numbers and to count on or back to find the answer. The children will use everyday language to talk about size, weight and capacity and to solve problems.	The children will practise their adding and subtraction skills. They will count on or back to find the answers to addition and subtraction number problems. They will be introduced to doubling, halving and sharing and begin to solve practical problems.	The children will use everyday language to talk about distance, time and money. They will compare quantities and objects and solve problems. The children will begin to count in 2's 5's and 10's and use this to solve simple problems.
Communication and Language	The children will talk about what they like about school. The children will be encouraged to listen during class discussion and respond appropriately to questions. During circle	The children will give explanations of things they have observed. They will practise sticking to the main theme during discussions. They will increase their vocabulary and	The children will describe and provide explanations of events and use talk to organise and clarify their thinking. They will use two channelled	Children will retell past events and try to use the appropriate tense when retelling these events. They will practise following instructions involving several	Children will practise listening to stories and anticipate key events responding with relevant comments and questions. They will practise answering	Children will be encouraged to recount experiences and imagine possibilities, often connecting ideas. We will support them to use a

	<p>time and story times, children will be encouraged to think of their own answers and express their ideas.</p>	<p>use new words appropriately. They will have the opportunity to talk about past events in their own lives.</p>	<p>attention in large and small group activities. Children will listen and respond to ideas expressed by others in a conversation.</p>	<p>ideas or actions. They will practise listening attentively in a range of situations.</p>	<p>how and why questions in more depth and draw on their own experiences to formulate good answers. They will practise using future tense accurately when talking about events that will happen.</p>	<p>range of vocabulary in imaginative ways. We will use language for a variety of purposes including adding information, expressing ideas or explaining actions or events. Children will practise listening to each other's stories, events or opinions and respond appropriately.</p>
<p>Personal Social Emotional Development</p>	<p>The children will learn about what makes a kind friendship. We will look at ourselves and our friends and learn how to play within groups, extending and elaborating our ideas through role play. They will discuss what makes them happy, sad, excited, and angry. They will talk about themselves and what they are good at. We will learn the Golden Rules in school and the rules within each of our zones during rotation activities.</p>	<p>The children will continue to build on friendships. They will learn more about the behaviour expectations and rewards- such as the community coin scheme for being helpful and polite towards their peers and adults. They will begin to understand that their actions affect others and how to resolve any conflicts. We will continue to learn about the importance of sharing and turn taking. They will talk</p>	<p>The children will be building on our learning- through cooperative play, taking turns with others. They will be learning how to take account of one another and how to organise their activities to include everyone's thoughts and ideas within their play. The children will continue to build their confidence in all areas of learning through continued learning opportunities in each zone and will</p>	<p>We will continue to work on our understanding of other's needs. Learning how to show sensitivity to others feelings and building on their relationships with adults and their peers. The children will become more confident for support where needed but also access areas of the curriculum with greater independence.</p>	<p>We will be working on increasing the children's confidence to share their thoughts and ideas in larger group discussions. The children will take greater ownership in their learning. They will talk about their ideas and will be able to choose the resources they might need for their chosen activities. The children will talk about how they and others show feelings. They will understand that</p>	<p>The children will play group games with rules. They will understand that's someone else's point of view can be different from theirs. They will work on solving minor disagreements independently through discussion. They will be confident to speak in class groups about things they enjoy, are good at and about things that they don't find easy. They will be more independent</p>

		<p>about their own interests and opinions and recognise their own ability.</p>	<p>be able to share their opinion on why they like some activities more than others.</p>		<p>some behaviour is unacceptable. They will learn how to adjust their behaviour to different situations and adapt to changes in routine.</p>	<p>when carrying out activities or finding out information and they will be able to talk about things they may change if they did it again. They will have greater control of their feelings- knowing how to manage, control and show their emotions.</p>
<p>Physical Development</p>	<p>The children will learn about making healthy choices. They will increase their independence when dressing to go outdoors and getting ready for lunch. They will begin to learn about how to make healthy choices when eating. They will begin to hold the pencil using the tripod grip and practise forming letters correctly.</p>	<p>The children will have a weekly PE lesson where they will practice getting dressed independently. They will also learn new moves through gymnastic lessons. They will begin to observe the effects of activity on their bodies. We will continue to use the tripod grip when writing and use the correct letter formation.</p>	<p>During PE sessions our focus will be multiskills and ball games. We will practise throwing and catching with increasing control. We will use different types of balls to build their confidence in throwing and catching. In addition we will continue practising our handwriting and remember where to begin letters.</p>	<p>During PE sessions our focus will be dance and athletics explored through our topics. We will practise moving in different ways and begin to think of our own dance moves We will also use movement and dance to express our feelings. We are getting good at holding a pencil and will practise our letter and number formation over this half term. We will be consolidating our knowledge about healthy and unhealthy foods this term.</p>	<p>During PE sessions we will practise striking and fielding. Children will gain increasing control of objects using rackets and bats in different ways. We will continue to practise our pencil control and be able to have good control when writing sentences, keeping the letters on the line a lot of the time. We will think about how to make healthy choice around exercise and why this is important.</p>	<p>The children will practise skipping in time to the music. . In PE, we will be getting ready for our sports day by practising the activities we will take part in during the day. We will continue to practise writing on the line and controlling the letter size. We will practise doing up buttons and laces.</p>

<p>Understanding the World</p>	<p>The children will be exploring the similarities and differences between themselves and their families. We will be looking at and describing special times and events for families and friends. They will also observe the changing seasons.</p>	<p>We will be observing changes linked with growth and decay. Children will be learning about different celebrations such as Guy Fawkes/ Diwali. They will be talking about their own traditions and noticing similarities and differences. We will talk about events in their own lives. The children will be learning about different occupations following our learning based on the Jolly Postman story.</p>	<p>The children will be looking at and comparing different environments. We will be making close observations and describing how things change and give reasons for them. E.g. Ice melting, boats floating and sinking.</p>	<p>We will be learning about healthy eating and growing. The children will explore their sense of smell to try to identify the different smells in an investigation. We will also make money slime and investigate how and make pennies shiny. We will observe apples over time to observe and discuss the decaying process. The children will be encouraged to predict and to give reasons for their observations</p>	<p>Observations about animals Through our topic of Farm Animals children will learn facts about farm animals and will talk about what they eat, and where they live. They will think about where milk comes from as well. We will talk about differences and similarities of different habitats. Children will develop animals fact files based on what they learn from our research.</p>	<p>Children will be learning about Dinosaurs- Why are they extinct? Features of dinosaurs The children will be taking home a technology questionnaire. This will help them understand what ICT equipment is used in their household. The children will learn that a range of technology is used in places such as homes and schools. They will be able to say what the purpose is of the equipment. They will have opportunities to explore the I pads and use certain apps independently</p>
<p>Expressive Art and Design</p>	<p>The children will experiment with paint and mixing colours. They will investigate different textures, including papier mache, playdough and gloop. Children will role play playing alongside other</p>	<p>The children will act out and create narratives of well-known fairy tales. They will develop their own narratives through role play. They will build with purpose,</p>	<p>The children will investigate different materials and how they can be combined, including story map collages. They will explore and describe different</p>	<p>The children will design and make our own boats and be testing to see if they float or sink! They will talk about how they could improve their design.</p>	<p>During our Pets topic children will role play looking after pets and use what they have learned in their role play. They will represent their own ideas, experiences</p>	<p>The children will learning to suggest and adapt their own designs. They will select and use materials and techniques that interest them. Children will be</p>

	<p>children who are engaged in the same these. We will make instruments, choosing the resources they need.</p>	<p>constructing props to go with the stories using a variety of materials. Children will use collage materials to make beanstalks and bonfire pictures. They will learn new songs with actions for our Christmas performance.</p>	<p>textures during independent learning. The children will make masks related to our stories using simple techniques and tools.</p>	<p>They will make and paint clay food adapting their work when needed. Children will make party decorations and role play having a party. They will talk about parties they have been to and use their own experiences in their role play.</p>	<p>and feelings through role play, art, music and dance. Children will be encouraged to combine media in interesting ways and to think about their own designs.</p>	<p>encourages to talk about the features of their own work and recognise the strengths and differences between their work and others.</p>

Reading	<p>Author: Julia Donaldson Text Type: Fiction Focus: Familiar Authors</p> <p>We share, explore, make predictions, compare and express preferences about the familiar British author Julia Donaldson.</p> <p>Learns to appreciate rhymes and poems, and to recite some by heart</p>	<p>Text: Goodnight Spaceman Text Type: Fiction A book inspired by Tim Peak and his sons. We will retell, think of questions and discuss adventures.</p> <p>Text: The Way Back Home, The Darkest Dark, Space Tortoise Fiction We will explain what happens in the story, sequence events and start to infer.</p>	<p>Text: Toys in Space, Brown Bear in a Brown Chair, The Little Girl and the Tiny Doll Text type: Fiction and Non-fiction</p> <p>We focus in depth on essential reading skills such as predicting, explaining, sequencing and inferring across a range of different pieces and text types.</p>	<p>Text: A range of non-fiction plants and growing texts Text type: Non-fiction</p> <p>We explore a range of print types in more detail and learn how to find information from the texts.</p> <p>The children will learn how to search for information in simple tables and charts.</p>	<p>Text: Comprehension based texts Text type: Fiction and Non-fiction</p> <p>We look at short stories and information texts to build confidence with answering comprehension questions.</p> <p>The children will learn how to use pictures and vocabulary to support meaning. We will also continue to infer and explain.</p>	<p>Text: Comprehension based texts Text type: Fiction and Non-fiction</p> <p>We look at short stories and information texts to build confidence with answering comprehension questions.</p> <p>The children will discuss vocabulary and link new words to words that are already familiar and explain in more detail.</p>
Maths	<p>Topic: Place Value and number The children will count to and across 20, forwards and backwards, read and write numbers from 1 to 20 in numerals</p> <p>Topic: Place Value and number The children will count to and across 100, forwards and backwards, read and</p>	<p>Topic: Place Value and number The children will read and write numbers from 1 to 20 in words. They will be given a number, identify one more and one less. They will identify and represent numbers using objects and pictorial representations including the number</p>	<p>Topic: Addition The children will represent and use number bonds and related subtraction facts within 20. Add and subtract one digit numbers to 20, including zero.</p> <p>Topic: Subtraction</p>	<p>Topic: Number and Place Value The children will count to and across 50, forwards and backwards, read and write numbers from 1 to 20 in numerals</p> <p>Topic: Measure-Volume The children will compare, describe and solve practical problems for:</p>	<p>Topic: Number and Place Value The children will count to and across 100, forwards and backwards, read and write numbers from 1 to 20 in numerals</p> <p>Topic: Subtraction and Addition The children will represent and use number bonds</p>	<p>Topic: Time The children will tell the time to the hour and half past the hour and draw the hands on a clock face to show these times. They will solve word problems involving time.</p> <p>Topic: Fraction The children will recognise, find and name a half as one of</p>

	<p>write numbers from 1 to 20 in numerals</p> <p>Topic: Addition The children will represent and use number bonds and related subtraction facts within 20. Add and subtract one digit numbers to 20, including zero.</p> <p>Topic: Subtraction The children will represent and use related subtraction facts within 20 subtract one-digit and two-digit numbers to 20, including zero</p> <p>Topic: Shape 2D The children will recognise and name common 2-D</p> <p>Topic: Multiplication The children will count in multiples of 2's, 5's and 10's. They will solve one-step problems involving multiplication, by calculating the answer using concrete objects, pictorial representations and arrays with the support of the teacher.</p>	<p>line, and use the language of: equal to, more than, less than (fewer), most, least</p> <p>Topic: Money The children will recognise and know the value of different denominations of coins and notes.</p> <p>Topic: Measure- Length and height The children will compare, describe and solve practical problems for lengths and heights. They will also begin to record length and height.</p> <p>Topic: Addition/Subtraction The children will represent and use number bonds and related subtraction facts within 20 The children will add and subtract one-digit and two-digit numbers to 20, including zero</p> <p>Topic: Shape 3D The children will recognise and name common 3-D shapes, including: cuboids (including cubes), pyramids and spheres].</p>	<p>The children will represent and use number bonds and related subtraction facts within 20. Add and subtract one digit numbers to 20, including zero.</p> <p>Topic: 2D and 3D Shape The children will recognise and name common 2-D and 3-D shapes</p> <p>Topic: Fractions The children will recognise, find and name a half as one of two equal parts of an object, shape or quantity. They will recognise, find and name a quarter as one of four equal parts of an object and shape.</p> <p>Topic: Multiplication The children will count in multiples of 2's, 5's and 10's. They will solve one-step problems involving multiplication, by calculating the answer using concrete objects, pictorial representations and arrays with the support of the teacher.</p> <p>Topic: Division</p>	<p>capacity and volume [for example, full/empty, more than, less than, half, half full, quarter]</p> <p>Topic: Money The children will recognise and know the value of different denominations of coins and notes. They will solve word problems involving money.</p> <p>Topic: Measure – Weight The children will compare, describe and solve practical problems for: mass/weight [for example, heavy/light, heavier than, lighter than]</p> <p>Topic: Addition and Subtraction The children will represent and use number bonds and related subtraction facts within 20 The children will add and subtract one-digit and two-digit numbers to 20, including zero</p>	<p>and related subtraction facts within 20 The children will add and subtract one-digit and two-digit numbers to 20, including zero. They will solve word problems involving addition and subtraction.</p> <p>Topic: Position and direction The children will describe position, direction and movement, including whole, half, quarter and three-quarter turns.</p> <p>Topic: Multiplication The children will count in multiples of 2's, 5's and 10's. They will solve one-step problems involving multiplication, by calculating the answer using concrete objects, pictorial representations and arrays with the support of the teacher.</p> <p>Topic: Division The children will solve one-step problems involving division, by calculating the answer using concrete objects, pictorial representations and arrays with the support of the teacher</p>	<p>two equal parts of an object, shape or quantity. They will recognise, find and name a quarter as one of four equal parts of an object, shape or quantity.</p> <p>Topic: Addition and Subtraction The children will represent and use number bonds and related subtraction facts within 20. The children will add and subtract one-digit and two-digit numbers to 20, including zero. They will solve word problems involving addition and subtraction.</p> <p>Topic: Multiplication/ Division The children will count in multiples of twos, fives and tens. They will solve one-step problems involving multiplication and division, by calculating the answer using concrete objects, pictorial representations and arrays with the support of the teacher.</p> <p>Topic: 2D and 3D Shape</p>
--	--	---	---	---	---	--

	<p>Topic: Division The children will solve one-step problems involving multiplication, by calculating the answer using concrete objects, pictorial representations and arrays with the support of the teacher.</p> <p>Topic: Time The children will sequence events in chronological order, looking at days of the week, and months of the year.</p>	<p>Topic: Time The children will tell the time to the hour and half past the hour and draw the hands on a clock face to show these times.</p> <p>Topic: Multiplication/ Division The children will count in multiples of 2's, 5's and 10's. They will solve one-step problems involving multiplication, by calculating the answer using concrete objects, pictorial representations and arrays with the support of the teacher.</p>	<p>The children will solve one-step problems involving division, by calculating the answer using concrete objects, pictorial representations and arrays with the support of the teacher.</p>			<p>The children will recognise and name common 2-D and 3-D shapes discussing their properties and comparing them with other shapes.</p> <p>Topic: Position and Direction The children will describe position, direction and movement, including whole, half, quarter and three-quarter turns.</p> <p>Topic: Investigation The children will use all their mathematical understanding and skills to solve a range of problems and investigations.</p>
<p>Science</p>	<p>Seasons (Autumn and Winter) The children will observe changes across the 2 seasons in the context of the weather. They will describe Autumn and Spring day length and discuss how long a day is. The children will have the opportunity to go on a walk and identify the signs of autumn and winter. They will also look at how some animals adapt in the winter.</p>	<p>Materials To identify and name a variety of different materials including wood, plastic, glass, metal, water and rock. The children will look at what certain objects are made from. They will look at materials and decide which are waterproof and which are not, which materials are strong and which are weak.</p>	<p>Scientific Skills The children will explore and experiment with a wide variety of materials. They will perform simple tests and communicate their findings in a range of ways. Children decide on which materials are best to create a strong house. They will look at opaque and transparent materials.</p>	<p>Growing/Plants The children will identify and describe the basic structure of common plants. Children will name a variety of common plants and garden plants. They will also get a chance to observe the growth of beans. The children will keep a diary and update it weekly looking closely at the plant growth.</p>	<p>Animals including human The children will identify, name and draw the basic parts of the human body. They will identify and name common animals including fish, amphibians, reptiles, birds and mammals. They will compare the structure of common animals and name carnivores, herbivores and omnivores.</p>	<p>Seasons -observe changes across four seasons We will observe and describe weather associated with the seasons and how day length varies. We will look at trees, plants and clothes that we wear and how they change from winter to spring. We will gather and record data to help us answer</p>

						questions by recording the temperature, rainfall and wind direction.
Computing	Internet safety Children will learn how to use technology safely and respectfully. Children will identify where to go for help and support when they have concerns online. They will learn about what information is personal and what not to share online.		Coding We learn skills such as dragging, clicking and searching by designing a new code to make more characters move around the screen and start debugging programs.	Purple Mash Initially we will revise logging in and out. We will use technology purposefully to create, organise, store, manipulate and retrieve digital content by using the program Purple Mash. The children will learn how to make and fill different shapes and know how to change the fill and border colour of shapes using 2paint. They will know also know how to vary the thickness of the pen tool and manipulate the pen tool to create different effects using 2paint. we will be learning how to use the mirror tool and add symmetry to their drawings and they will learn how to add an image to their drawing and write a caption with it.		
History		Significant individuals Linking into our space topic we learn about Neil Armstrong and why he is significant in History. We also look at other explores in history such as Ibn Christopher Columbus then compare them. We will also focus on Tim Berners-Lee and William Caxton learning about their achievements and why they are significant.	Toys We look at changes within living memory by comparing toys from the past and now. We also focus on Victorian toys and look at the local history of Wolverton by visiting Milton Keynes Museum.			The Great Fire of London We will learn about the events that took place, look at the similarities and differences between life then and life now and learn about why the fire lasted for so long.
Geography	Where do I live? The children will fist learn about the geographical features of our local area and locate popular areas on a simple map. The			Continents We will name and locate the world's seven continents, use world maps, atlases and globes to identify the seven continents	Oceans We will learn about the 5 oceans, locate them on globes and maps. Then learn about how some factors are damaging the oceans	

	children will then name, locate and identify characteristics of the four countries and capital cities of the United Kingdom.			and use basic geographical vocabulary to refer to key physical features.	and how we can protect them in the future.	
RE		<u>Believing- Christianity</u> The children will start to discuss their own beliefs and learn that we might not all have the same faiths. They will begin to understand the beliefs of Christians and learn about key features of a Christian church.		<u>Belonging- Christianity</u> Children will learn about the importance of Easter to Christians and why they celebrate Easter.		<u>Behaving- Christianity</u> We will learn about the 12 disciples, the parable of the good Samaritan and the role of church leaders.
PSHE	<u>Belonging</u> The children will discuss different groups they belong to and why being kind is important. They will discuss unkind behaviour and how to make the correct choice.		<u>Living in the wider world</u> The children will look at their own qualities and how they would like to develop. They will talk about jobs people can do and what they would like to achieve in the future.		<u>Health and Wellbeing</u> The children will learn how to make healthy choices about food, drink, exercise and sleep. To learn how to keep their bodies clean and safe.	
Art	<u>Artists from around the world.</u> The children explore the primary colours and shading. The children will learn about different artists from around the world and the different techniques they use.		.	<u>Outdoor painting</u> The children will look at a range of artists who create outdoor paintings/ sculpture. The children will get a chance to create their own outdoor painting in the style of a famous artist	<u>Henri Rousseau</u> The children will learn about Henri Rousseau and his background. They will look at his famous 'Tiger in a Tropical Storm' painting and recreate their own.	

<p>Design Technology</p>		<p><u>Space buggy</u> The children will learn about how a moving vehicle works and the different features. They will then design and create their own moving space buggy.</p>	<p><u>Teddy Bears Picnic</u> The children will learn about where food comes from then design and create their own biscuit and fruit skewer.</p>			<p><u>Tudor Homes</u> The children will learn about Tudor houses, they will decide which tools and resources they will use to create their own Tudor house. The children will create their Tudor house and evaluate it.</p>
<p>Music</p>	<p><u>Ourselves</u> Create and place vocal and body percussion sounds. Explore descriptive sounds. Keep a steady beat on instruments. Create word rhythms. Perform word rhythms with movement.</p>	<p><u>Space</u> Explore duration - Learn how to use our voice to make a variety of long and short sounds. Respond to long and short sounds through movements. Improvise descriptive music. Control duration and dynamics using voices, body percussion and instruments.</p>	<p><u>Keeping a steady beat</u> Using the theme of toys and machines, the children will explore beat through using movement, body percussion and instruments. They will combine a steady beat with word rhythms and explore changes in tempo/speed.</p>	<p><u>Pitch</u> During this half term, the children will explore the musical dimension of pitch. Using the story of Jack and the Beanstalk, we will use pitch to describe events and characters. Learning about the seasons, we will explore changes in pitch and respond to them with movements and vocal sounds.</p>	<p><u>Animals</u> Understand pitch by singing a song with contrasting high and low melodies. Identify and play high and low pitches in music. Make a steady beat with voices and body percussion. Count a steady beat in patterns of 2,3 and 4 beats (metre).</p>	<p><u>The Great Fire of London</u> Learn popular songs around 1666. Keep the pulse in songs and rhymes. Play fast, slow, loud, quiet. Creating music that matches an event in a story.</p>
<p>PE</p>	<p><u>Multi-skills</u> In PE the children will be looking at how exercise affects the body through multi skills. The children will be learning rugby, football, hockey, and basketball skills. The children will then move on to team games using the skills previously taught such as passing and dribbling.</p>		<p><u>Dance, striking and fielding and net and wall tennis</u> In PE the children will be focusing on 'dance' where they will be exploring different movements and learning to move their bodies to the beat. In Games they will be looking at striking and fielding and net and wall tennis. The children will learn how to hold and use a racket.</p>		<p><u>Athletics and striking and feeling</u> In athletics children will learn how to run, jump and throw. During striking and fielding lesson children will be applying their multi-skills to games.</p>	

Enrichment	<p><u>Tastes from around the world</u> We will be tasting food from some of the countries we are exploring.</p>	<p><u>Planetarium</u> To support our topic about space a Planetarium will come into school and the children will learn about the constellations and learn more about the moon landing.</p> <p><u>Astronaut food</u> The children will have the opportunity to experience astronaut food. We will discuss our preferences using adjectives and use our imagination to imagine what it is like for an astronaut surviving on the same food for months at a time.</p>	<p><u>MK Museum Visit</u> As part of our Toys topic and to support our history learning we will visit the Milton Keynes museum to learn about toys through the ages.</p>	<p><u>Nature Walk</u> Supporting our science topic learning about plants we will go on a nature walk around the local area to see what plants and trees there are.</p>	<p><u>Cotswold Wildlife Park</u> To support our 'Animal' topic we will be visiting the park where the children will learn more about wild animals and their habitats.</p>	
------------	--	--	---	---	--	--

If you require any further information regarding our curriculum, please contact the School Office on 01908 312275

YEAR 2

YEAR 2 CURRICULUM OVERVIEW 2020 – 2021

	Autumn Term 1 Year 1 Catchup <i>Animals (2 weeks)</i> <i>Great Fire of London (2 weeks)</i> Year 2 topic <i>Heroes</i>	Autumn Term 2 <i>Roald Dahl</i> Phonic Screening	Spring Term 1 <i>Castles</i>	Spring Term 2 <i>Travel and adventure</i>	Summer Term 1 <i>Seaside</i> SATS	Summer Term 2 <i>Natures Detectives</i> Phonic Screening Resits
Writing	<p>Text Type: Description Context: Traction Man Children will write a character description and a recount of the story.</p> <p>Fiction</p> <p>Text Type: Non-Chronological Report Context: Florence Nightingale Children to write a non-chronological report in the past tense using adverbs.</p>	<p>Text type: Poetry Context: Bonfire Night Children will write a poem using onomatopoeia and alliteration</p> <p>Poetry</p> <p>Text type: Description Context: The Twits Children to write a character description using expanded noun phrases and subordination</p> <p>Fiction</p>	<p>Text Type: Fantasy Narrative Context: The Egg Children to write their own narrative using co-ordination and subordination.</p> <p>Fiction</p> <p>Text Type: Explanation Context: How to Train a Dragon Children will write an explanation text on how to train a dragon using</p>	<p>Text Type: Drama and diary entry Context: Zeraffa Giraffa Children will explore characters thoughts and feeling using a range of Drama techniques. They will write a diary entry in the first person.</p> <p>Fiction</p> <p>Text Type: Narrative Context: Leon and the place between.</p>	<p>Text Type: Narrative Context: Something Fishy Children will rewrite the ending to the narrative using sub-ordination and co-ordination.</p> <p>Fiction</p> <p>Text Type: Poetry Context: Seaside Children Will explore feature of poetry including rhyming and repeated phrases.</p> <p>Non- Fiction</p>	<p>Text Type: Newspaper Report Context: Hansel and Gretel Children will write a newspaper report using contractions and a range of punctuation.</p> <p>Non- Fiction</p> <p>Text type: Postcard/Letter Context: The Jolly Postman</p>

	<p>Non- Fiction</p> <p>Text type: Recount Context: The lighthouse Children will create a recount of events based on the lighthouse keeper's point of view. Fiction</p> <p>Text type: Explanation text. Context: Superheroes Children to write an explanation of how to be a Superhero using technical language and different sentence types. Non- Fiction</p> <p>Text type: Adventure Narrative Context: Aisha the Superhero Princess Children will retell the story in their own words exploring emotive language. Fiction</p>	<p>Text type: Narrative Context: The BFG Children will be describing a dream using adventurous vocabulary and a range of suffixes, Fiction</p> <p>Text type: Narrative Context: Charlie and the Chocolate factory. Children will write a story about based on Charlie and the Chocolate Factory using their own imaginations.</p>	<p>different sentence types. Non- Fiction</p> <p>Text Type: Non-Chronological Report Context: William the Conqueror and Warwick Castle Children will write about William the Conqueror and their visit to Warwick Castle using features of report writing. They will be learning to proofread their work. Non-Fiction</p>	<p>Children will write a fantasy story based on Leon and the place between in the present tense using a range of suffixes. Fiction</p> <p>Text Type: Historical Non- Chronological report Context: Grace Darling Children to write about Grace Darling and how she became a famous person using expanded noun phrases with commas. Non-Fiction</p> <p>Text type: Adventure Narrative Context: The Tunnel Children will write their own adventure story based on the book the Tunnel using sub-ordination. Fiction</p> <p>Text type: Recount Context: Gulliver's Travel Children will write a letter from Gulliver asking recounting his adventures using apostrophes.</p>		<p>Children will write a letter of response using persuasive language and they will proofread their work and make corrections, additions and revisions. Non-Fiction Text type: Explanation Context: Willy the Wimp Children will write explain how Willy feels using emotive language. Non- Fiction</p> <p>Text type: Diary Context: Gingerbread Man Children will write a diary entry based on the events of the story using different types of punctuation. Fiction</p> <p>Text type: Fantasy Narrative Context: Willy the Wizard Children will write a fantasy narrative using fronted adverbials, sub-ordination, and co-ordination.</p>
--	--	---	---	---	--	---

				Fiction Text type: Narrative Context: The Journey Children will write an adventure story based of the images from the book the Journey. They will write in paragraphs and proofread and correct their work. Fiction		Fiction
	SPAG Focus full stops, capital letters, finger spaces, pronoun I, capital letters for days of the week and exclamation mark, spelling ve, un, est, tch, er and ing. Expanded noun phrases and adverbs.	SPAG Focus Exclamation sentence, co-ordination (and, so, but), suffixes 'ful' 'ness', expanded noun phrases with commas in the correct places most of the time, subordination (if, when, because).	SPAG Focus Exclamation, question and command sentences, co-ordination (and, so, but, or), sub-ordination (because, when, that), adverbs.	SPAG Focus Use contractions, co-ordination (and, so, but, or). sub-ordination (because that, when, if), adverbs, different sentence types, start to use an apostrophe.	SPAG Focus Expanded noun phrases with commas, subordination (because, when, that, if), co-ordination (and, so, but, or), suffixes (ment, less).	SPAG Focus Different types of punctuation and different sentence types, contractions, fronted adverbials, apostrophise put in the correct place.
Reading	Focus: Fiction Don't wake the Beastie Expresses preferences linked to own. With support, justifies their views about texts they have had read to them. Asks questions to clarify. Lost and Found Retrieves key information from a text Great Fire of London	Focus: Traditional Tales Rapunzel Identify effective language choices. Beauty and the Beast Sequence and retell a familiar story. Jack and the Beanstalk Identify the sequence of events by using what I already know about traditional tales.	Focus: Poetry The Sound Collector To identify simple literary language in poetry. The Sleepy Dragon Explain and discuss your understanding of poems that they have listened to. Dragonfly in the sun Refer to the text for evidence (poem)	Focus: Non- Fiction A range on non-fiction texts on a variety of topics. The First Encyclopaedia of Seas and Oceans- Usborne Show that you are aware that non-fiction texts are structured in a different way. All about Dogs/ Pocket Science books	Focus: Fiction Blue Stone Make inferences based on a character's descriptions and actions. Tin Forest Explore contrast in a book. Independent reading text Can retell an unknown story (unfamiliar before first reading) beginning,	Focus: Fiction (Chapter books) Guard Dog Make a prediction and then change it in light of new information and make inferences using more than one justification. Hansel and Gretel Make links with other stories.

	<p>The children will understand how written language can be structured differently according to genre We will discuss word meanings, linking new meanings to those already known. The children will learn that voice telling the story (poem) is called the narrator</p> <p>The Day the Crayons Quit Draws on what they already know or on background information and vocabulary provided by the teacher.</p> <p>The Naughty Little Rabbit To answer questions about information stated within text (may not be obvious).</p> <p>Grace and Family To explore characters. I can recall some events in the story</p> <p>Independent reading text</p>	<p>Revolting Rhymes Little Red Riding Hood Predict events in an unfamiliar version of a traditional tale.</p> <p>Revolting Rhymes Goldilocks and the Three Bears Recognise that different characters have different thoughts/feelings about, views on and responses to particular scenarios.</p> <p>Revolting Rhymes Three Little Pigs Refer to the text for evidence.</p> <p>Rumpelstiltskin Identify evidence of change as a result of events.</p> <p>Independent reading text Can read words with contractions, e.g. I'm, we'll, he's. Take into account full stops and read different types of punctuation.</p>	<p>Castle on the Hill Answer retrieval questions.</p> <p>The Fisherman Answer retrieval questions.</p> <p>Cobwebs Answer questions and make inferences about information stated within text (may not be obvious).</p> <p>Independent reading text Identifies the sequence of events e.g. answers questions such as 'Which event happened first? What happened before he fell over? Discusses effective language choices, e.g. 'slimy' is a good word there because...</p>	<p>Begin to use difference sources to locate information.</p> <p>Seaside's in the past Show and evaluates simple persuasive devices.</p> <p>Louis Braille- Watts Use evidence from the text to make inferences and justify my views.</p> <p>Coronation of Elizabeth II- Watts Retrieve information from a non-fiction text.</p> <p>The First Encyclopaedia of Animals- Usborne Explain and discuss a range of non- fiction books.</p> <p>Independent reading text Self-corrects spontaneously and at the point of error. Explains differences between fiction and non-fiction. Shows awareness of use of features of organisation e.g. <i>index</i>, <i>bold headings</i></p>	<p>middle and end (may only be in simple terms). With support, justifies their views about what they have read</p>	<p>Georges Marvellous Medicine Make predictions based on other stories in the author's style. Answer retrieval questions about the text. Make inferences with more complex texts.</p> <p>Independent reading text Identifies common themes in traditional tales. Sustains silent reading most of the time Makes inferences with more complex texts perhaps with using more than one justification.</p>
--	--	--	---	--	--	--

	Continues to apply phonic knowledge and skills to decode words until automatic decoding has become embedded and reading is fluent					
Maths	<p>Topic: Number Understand different representations of number. Partition tens and ones.</p> <p>Topic: Addition and subtraction The children will be taught / consolidate numbers bonds to ten and twenty, adding and subtracting using number lines. Begin to use the column method.</p> <p>Topic: Multiplication and division Children will continue to develop their skills in times tables (2, 10) using arrays and dividing through sharing.</p> <p>Topic: Measurement (money) Recognising notes and coins. Know the value</p>	<p>Topic: Time Time related facts Sequencing intervals of time O'clock, half past, quarter past and quarter to.</p> <p>Topic: Fractions To count in fractions to 10 and find $\frac{2}{4}$ and $\frac{3}{4}$ of a shape. To find $\frac{2}{4}$ and $\frac{3}{4}$ of a quantity and to find $\frac{2}{4}$, $\frac{2}{3}$ and $\frac{3}{4}$ of a quantity</p> <p>Topic- Geometry (shape) Identifying 2D shapes Properties of 2D shapes. Symmetry</p> <p>Topic- Statistics Presenting data -tally charts and pictograms Interpreting data – tally charts and pictograms.</p>	<p>Topic: Number Count in steps of 2, 3, and 5 from 0. Identify and represent numbers using different representations. To estimate numbers on a number line</p> <p>Topic: Addition and subtraction. To consolidate column method with bridging and exchanging. Mentally add three one-digit numbers.</p> <p>Topic: Multiplication and Division Understand the relationship between multiplication and division (fact families) To recall and use multiplication and division n facts for the 2, 3, 5 and 10-times tables. Solve 2 step multiplication problems.</p>	<p>Topic: Addition and Subtraction Solve missing number calculations, Solve more complex missing number problem. Solve 2 step word problems.</p> <p>Topic: Multiplication and Division Solve one and two step multiplication and division problems. To know which operation to use in mixed word problems.</p> <p>Topic: Time To solve problems for o'clock, half past, quarter past and quarter to. To read and write the time for five-minute intervals.</p> <p>Topic: Fractions Problem solving and reasoning.</p>	<p>Topic: Revision Over this half term, topics from across the Maths curriculum are revisited to prepare children for sitting KS1 SATs.</p>	<p>Topic: Number Reading scales Using number facts Problems solving and reasoning.</p> <p>Topic: Addition and Subtraction. Number bonds to 100 Missing number calculations. Inverse 2-step problems</p> <p>Multiplication and Division Multiplication and division facts (2, 3, 5, 10). Making deductions outside known facts 2 – step problems</p> <p>Topic: Measurement (scales) Reading scales (1, 2, 5 and 10) and reading scales with missing numbers. Comparing</p>

	<p>of coins. Adding coins to make totals using a number line. Different combination of coins to make the same amount under 50p.</p> <p>Topic: Fractions Children will recognise, find, name, and write $\frac{1}{2}$ and $\frac{1}{4}$ of a length, shape, set of objects or quantity.</p>	<p>Topic: Multiplication and Division Multiplication facts for 2, 3, 5, and 10 times tables. Division facts for 2, 3, 5, and 10 times tables Arrays .</p> <p>Topic: Measure To estimate and measure length/height, mass using scales, temperature using thermometer ($^{\circ}\text{C}$) and capacity using measuring vessels.</p>	<p>Topic: Measurement (money) Solve simple and complex problems involving adding money. Give change from 50p and £1.</p> <p>Topic: Fractions Fractions of shapes Fractions of amounts - unit and non-unit fractions.</p>	<p>Topic- Geometry (shape) To recognise, name, sort and compare 2D and 3D shapes.</p> <p>Topic- Statistics Interpreting and drawing pictograms and block graphs (2, 5, 10).</p>		<p>length, mass, capacity, and temperature.</p> <p>Topic: Geometry (position and direction)</p> <p>Topic: Position and direction Learning about different turns i.e. quarter turn, half turn etc. Clockwise and anticlockwise turns as well as ordering and arranging combination of mathematical objects in patterns and sequences.</p> <p>Topic: Investigation To use trial and improvement to solve problems. To work systematically, use visualising skills and to use logical reasoning to solve problems.</p> <p>Topic: Reviewing Number, measure, calculation, and geometry review.</p>
Science	<p><u>Animals including human (catch-up)</u> The children will identify, name, and draw the basic parts of</p>	<p><u>Materials</u> Children will be able to identify and name different materials. They will be able</p>	<p><u>Plants</u> Children will identify and name a variety of common and wild plants including Deciduous and Evergreen trees. They will be able to describe the basic structure of a variety of common flowering</p>	<p><u>Living things and their Habitats</u> Children will explore and compare the differences things that</p>		<p><u>Habitats</u> Explore and compare the differences between things that are living, dead, and</p>

	<p>the human body. They will identify and name common animals including fish, amphibians, reptiles, birds, and mammals. They will compare the structure of common animals and name carnivores, herbivores and omnivores.</p> <p>Seasons -observe changes across four seasons (catch up) We will observe and describe weather associated with the seasons and how day length varies. Well will look at trees, plants and clothes that we wear and how they change from winter to spring. We will gather and record data to help us answer questions by recording the temperature, rainfall and wind direction.</p> <p><u>Animals including Humans (Year 2)</u> Children will learn that animals including humans have offspring, are able to find out and describe basic needs of</p>	<p>describe and compare properties based on their physical properties.</p>	<p>plants including trees. To write a set of instructions on how to plant a seed or bulb using technical language, time openers and adverbs.</p>	<p>are dead, living and have never been allowed. Identify different habitats and describe how different habitats provide the needs of different kinds of animal and plants. Children will explore simple food chains.</p>	<p>things that have never been alive. Identify that most living things live in habitats or micro- habitats to which they are suited and describe how different habitats provide for the basic needs of different kinds of animals and plants, and how they depend on each other Describe how animals obtain their food from plants and other animals, using the idea of a simple food chain, and identify and name different sources of food.</p>

	animals. Children will learn about the importance of a healthy lifestyle.					
Computing	<p><u>Purple Mash (catch-up)</u> Logging into Purple Mash and to create a Great Fire of London using the 2Paint tool.</p> <p><u>Internet safety</u> Children will learn how to use technology safely and respectfully. Children will identify where to go for help and support when they have concerns online.</p>	<p><u>Coding</u> Children will understand what an algorithm is and how to create a simple programme as well as debug existing programmes.</p>	<p><u>Coding</u> Use technology purposefully to create, organise, store, manipulate and retrieve digital content.</p>	<p><u>Coding</u> To program and debug a bebot.</p>	<p><u>Internet searching and word processing</u> To find and copy an image from the internet. To learn to type using Microsoft Word.</p>	<p><u>Fact File</u> Children will make a fact file Children will develop their word processing and presentation skills.</p>
History	<p><u>The Great Fire of London (catch up)</u> Learn about the events that took place, look at the similarities and differences between life then and life now and learn about why the fire lasted for so long.</p> <p><u>Famous People</u> Children will learn about significant individuals in the past (Queen Victoria, Mary Seacole, Florence Nitinghale, Rosa Parks, Emily Davison,</p>		<p><u>Castles</u> Children will learn about the history of castles and how they have changed over time. Children will learn about different aspects of life in the castle. They will also learn about William the Conqueror and Warwick Castle.</p>	<p><u>Transport</u> Children will learn about how transport has evolved and how it may develop in the future. Children will learn about famous inventors such as Wright Brothers.</p>		

	Emmeline Pankhurst, and Greta Thurnberg). that have contributed to national and international achievements. Children will compare aspects of life in time periods.					
Geography	<p><u>Oceans (catch up)</u> We will learn about the 5 oceans, locate them on globes and maps. Then learn about how some factors are damaging the oceans and how we can protect them in the future.</p>	<p><u>UK</u> To identify human features of a city and to identify the physical features and landmarks of London using aerial photographs. Devise a simple map of London and its landmarks and compare London to Sydney and Wolverton.</p>			<p><u>Comparison of a non-European country and a small area of the UK.</u> To locate and research into Wolverton and Kiama, New South Wales. To look and compare the physical and human features of Wolverton and Kiama.</p>	<p><u>Field work and Seasons</u> Explain how seasons affect my school day. Investigate why Wyvern was built in this location. Measure the site of Wyvern school. Use weather recording equipment to investigate the site. To create a map of Wyvern site and to present the fieldwork findings.</p>
RE	<p><u>Believing- Christianity (catch up)</u> Discuss their own beliefs and learn that we might not all have the same faiths. They will begin to understand the beliefs of Christians and learn about key features of a Christian church.</p>	<p><u>Believing</u> To be able to discuss own beliefs. To understand the importance of the Torah to Jews. To understand the story of the life of Moses. To explain the significance of the ten commandments and understand symbols related to Christmas.</p>		<p><u>Belonging</u> To understand the Shabbat and to understand the story of the ten plagues including how Passover is celebrated by the Jews. Know the important religious symbols for Jews. (Star of David and the Menorah). To look at Hanukkah and a Bar and Bat Mitzvah.</p>		<p><u>Behaving</u> Understand what makes a special place. Understand the layout of a Synagogue and Jewish prayer. Know the story of Noah and David and Goliath.</p>

<p>PSHE</p>	<p><u>Health and Wellbeing (catch up)</u> The children will learn how to make healthy choices about food, drink, exercise and sleep. To learn how to keep their bodies clean and safe.</p> <p><u>Mental Health (Year 2)</u> Know the importance of physical activity and diet for a healthy lifestyle. Develop children's understanding of emotions.</p> <p><u>Growth Mindset (catch up)</u> Growth and fixed mindset and how-to preserve when up against a challenge.</p>	<p><u>Growth Mindset</u> Mindfulness and putting in effort to achieve our goals.</p>	<p><u>Communities</u> Understand their role in communities and recognise similarities and differences between people. Understand the meaning of cooperation And the difference between right and wrong and what the consequences. Learn to take responsibility for our own actions.</p>		<p><u>Healthy Living</u> Learn about the physical changes in our body as we grow. To identify and respect the differences between girls and boys. To look at the importance of dental hygiene, physical activity, medicine safety and how to look after money.</p>	
<p>Art</p>	<p><u>Henri Rousseau (catch up)</u> The children will learn about Henri Rousseau and his background. They will look at his famous 'Tiger in a Tropical Storm' painting and recreate their own.</p>			<p><u>Claude Monet</u> Children will recreate the Claude Monet bridge painting and evaluate their own and others work.</p>		<p><u>Andy Goldsworthy</u> Children will look at the famous artist Andy Goldsworthy and recreate 2D and 3D sculptures using natural materials.</p>

	<p><u>Aboriginal and POP art</u> To look at the dot technique used in Aboriginal art. Children will create artwork inspired by Pop Art. We will look at Julian Opie and Roy Lichtenstein.</p>					
Design Technology	<p><u>Tudor Homes (catch up)</u> The children will learn about Tudor houses, they will decide which tools and resources they will use to create their own Tudor house. The children will create their Tudor house and evaluate it</p>	<p><u>Roald Dahl chocolate</u> Children will test and evaluate existing food products. They will make their own chocolate bar and packaging. Children will design, produce, and evaluate their own chocolate bar inspired by Charlie and the Chocolate Factory.</p>	<p><u>Castles</u> Children look at different castle designs and use these to create their own drawbridge. They will need to design, produce, and evaluate the mechanisms and materials used in their castle.</p>		<p><u>Puppets</u> Children will design, produce, and evaluate their own puppet. They will need to be able to join the fabric by sewing.</p>	
Music	<p><u>The Great Fire of London (catch up)</u> Listen to popular songs around 1666. Keep the pulse in songs and rhymes. Play fast, slow, loud, quiet. Creating music that matches an event in a story.</p> <p><u>Heroes</u> Children will be exploring sounds and beat in music and</p>	<p><u>Roald Dahl</u> Children will develop a wider appreciation for music and musical styles.</p>	<p><u>Castles</u> Children will explore rhythm in a variety of musical genres.</p>	<p><u>Travel and adventure</u> Children will explore pitch and sound in songs from around the world.</p>	<p><u>Seaside</u> Children will explore pitch and sound. Compose music to support a story.</p>	<p><u>Nature Detectives</u> To use a variety of songs such as The Lion Sleeps tonight to learn how to use tuned percussion instrument.</p>

	composing a piece of superhero music.					
PE	<p><u>Multi-skills and Gymnastics</u> In PE, the children will be looking at how exercise affects the body through multi skills. The children will be learning rugby, football, hockey, and basketball skills. The children will then move on to team games using the skills previously taught such as passing and dribbling.</p> <p>Children will focus on balance and ways of traveling and perform a simple sequence of movements.</p>		<p><u>Dance, striking and fielding (badminton) and net and wall (tennis), OAA</u> In Dance children will be learning traditional dances including Waltz. In Games they will be looking at striking and fielding and net and wall tennis. The children will learn how to hold and use a racket. In OAA children will focus of teamwork and problems solving skills.</p>		<p><u>Athletics and striking and fielding</u> In athletics children will learn how to run, jump, and throw. During striking and fielding lesson children will be applying their multi-skills to games.</p>	
Enrichment	<p><u>Science and Maths day</u> We will be spending a whole day dedicated to fun and engaging activities.</p>	<p><u>Roald Dahl Storyteller</u> Children will be visited by a storyteller. They will share stories about Roald Dahl's life.</p>	<p><u>Warwick Castle</u> Children will learn about the features of a castle and the famous Kings and Queens that lived there.</p>	<p><u>Local Artist Visit</u> Children will learn about canal art and use paint to recreate canal art from a local artist.</p>	<p><u>Author Visit</u> Children will have a visit by an author.</p>	<p><u>Gulliver's Land</u> Children are rewarded for their hard work with a fun day out at Gulliver's land.</p> <p><u>PSHE (money)</u> Children will have an employee of the banks to come and visit them to explain about saving money.</p> <p><u>Athlete visit</u> Children will have a question and answer session with an athlete.</p>
